

Guardr

Anytime. Anywhere. Security, When You Need It.

Quick Start

Get started as a client, guard, or Guardr staff member

Audience	New users
Document date	August 11, 2026
Format	US Letter · print-ready PDF
Operator	Signature Security Specialist, LLC
Product	guardr.co

Guardr is a technology marketplace platform. It is not a private patrol operator, security guard employer, or staffing agency. Guards and clients contract directly for each job. This document is for operational training and end-user reference.

Anytime. Anywhere. Security, When You Need It.

Pick the door that matches what you want. Guardr does **not** hire guards or clients through marketplace signup — platform jobs use **Apply to work at Guardr**.

Open guardr.co → create account or sign in.

Path A — I need security (Client)

1. Choose **I need security for my site** and create a client account.
2. Finish your company profile (**Profile**).
3. Wait for staff approval (**Home** shows pending until approved).
4. **Post job offer** (or open **Guards** and send a direct request to one guard).
5. After staff approve the listing, **Pay** on the job when prompted.
6. For marketplace jobs: **Approve** or **Decline** guard applications on **Jobs**.
7. When the shift starts: confirm **self-audit photos**, use **Messages / Support** as needed.
8. After the shift: review reports, handle overtime if any, rate the guard.

Full steps: [Client User Manual](#)

Path B — I'm a guard (Independent contractor)

1. Choose **I'm a guard** and create a guard account.
2. On the **activation screen**, upload the five required credentials while staff reviews your application:
 - Government ID
 - Certificate of Insurance (COI)
 - BSIS guard card
 - Power to Arrest + Appropriate Use of Force (separate certificates)
 - Continuing Education (32-hour BSIS package — 9 certificates)
3. Wait for **application approval**, then **credential verification**. Your account becomes **active** when all five required credentials are verified.
4. Open **Pay** → connect your bank (Stripe).
5. Open **Map** → apply to open jobs or **claim** a direct request.
6. On shift day: head to site → arrive → start job → self-audit photos → work → end shift.
7. Collect payouts from **Pay** after the job closes out.

Full steps: [Guard User Manual](#)

Path C — Apply to work at Guardr (Staff)

1. Choose **Apply to work at Guardr** (not guard or client signup).
2. Submit your staff application (experience, city, work history, availability).
3. Sign back in anytime to finish the **pending checklist**:
 - Application under Director review
 - Government ID (front, back, selfie)
 - Stripe bank connection for staff pay
4. When the checklist is complete, your account becomes **active** automatically.
5. Use the staff workspace for your role (Support, Moderator, Administrator, Manager, Director, or Founder).
